

Concern & Objectives

This training concerns SFI(A) AIRBUS A320 who want to renew their qualification.

Prerequisites

To renew the A320 SFI certificate, applicants shall, within the period of 12 months immediately preceding the application for the renewal, comply with all the following conditions:

- Have completed instructor refresher training as an SFI at an ATO;
- Have passed the assessment of competence in accordance with point FCL.935;
- Have completed, on an FSTD, the skill test for the issue of the specific aircraft type ratings representing the types for which privileges are to be renewed.

Training programme

ICARE ATO will establish a specific programme depending on the profile of the applicant.

The HT will determine the level of the required refresher training, considering the following factors:

- The candidate's experience.
- The expiry date of his certificate.
- The technical and relevant elements of the SFI course based on its evaluation.

Assessment of Competence (AoC)

The applicant will have to perform, under the supervision of a TRE(A) or a SFE(A), 03H00 hours of Full Flight Simulator training of type rating of the considered aircraft, in compliance with AMC1 FCL.935.
