

CABIN CREW INSTRUCTOR SAFETY & EMERGENCY PROCEDURES INSTRUCTOR (SEPI)

Concern & Objectives

Safety and Emergency Procedures Instructor (SEPI) training is designed for people who are involved in the delivery of Safety & Emergency Procedure (SEP) training for pilots, cabin crew

The SEPI training course covers theoretical aspects of modern SEP training with relevant references to, and examination of aviation incidents and accidents. The course also includes elements of instructional techniques and assessment, as well as provides students with essential skills needed to deliver structured training sessions, specific to the needs of their operation and crew.
